

Retail Stocking:

A Stocking Cart solution for Retail Store Aisles and Backrooms

VS

To remedy stocking stresses on retailers, Cannon Equipment has developed a material handling carts solution that provides a less costly, more efficient, environmentally friendly and in-obtrusive method for re-stocking store shelves. The CannonCarts® featured on the reverse page offer retail locations multiple stocking options that enable the movement of large volumes of products from the backroom to the sales floor without causing disruption to your customers shopping experience.

Challenge	Solution
Using pallets for restocking can clog aisles, making it difficult for shoppers to access products.	CannonCarts® are designed to take up less space and are more maneuverable than pallets, allowing shoppers access to the aisles and product on the shelves. Stock keeping personnel are able to work more efficiently and with less clutter, handling large volumes of merchandise without forklifts, pallets jacks or two wheelers.
Product stacked and stored on pallets can be difficult to locate and remove when restocking shelves.	CannonCarts® designs include multiple shelves to provide more organized, easier to access products.
Backroom stock is disorganized and difficult to locate.	CannonCarts® can be used as mobile storage to store products in the backroom, and then easily and quickly roll then out for restocking retail shelves.
Excessive labor is required for handling backroom stock and retail floor restocking from pallets.	CannonCarts® provide a labor saving solution for both backroom and retail floor stocking and substantially decrease the continuous motion of lifting and bending associated with stocking from a pallet.

FOUR SHELF, TWO SIDED CART K-28

#830-000-002

SPECIFICATIONS

Depth	22.8"	Casters	(4) Performa
Width	28"	Caster Size	4" x 2"
Height	50"	Caster Type	2 Swivel, 2 Rigid
Shelving	4	Finish	Powder Coat (white)
Number of Sides	2	Load Capacity	500 lbs
Construction	Knocked Down	Options	Additional Options Available
Cart Weight	100 Lbs	Typical Lead Time	Immediate Availability
FOB Point	Cannon Falls, MN		

TWO SHELF, TWO SIDED CART F-49

10970-900

SPECIFICATIONS

Depth	21-3/8"	Casters	(4) Phenolic
Width	49"	Caster Size	5" x 2"
Height	71-7/8"	Caster Type	2 Swivel, 2 Rigid
Shelving	2	Finish	Zinc Plated
Number of Sides	2	Load Capacity	1,000 lbs
Construction	Folding	Options	Additional Options Available
Cart Weight	129 Lbs	Typical Lead Time	Immediate Availability
FOB Point	Cannon Falls, MN		

FOUR SHELF, TWO SIDED CART R-44

85-0018-200

SPECIFICATIONS

Depth	23-3/4"	Casters	(4) Polyolefin
Width	44-1/4"	Caster Size	(4) 1-1/4"
Height	74"	Caster Type	2 Swivel, 2 Rigid
Shelving	4	Finish	Zinc Plated
Number of Sides	2	Load Capacity	250 lbs
Construction	Rigid	Options	Additional Options Available
Cart Weight	150 lbs	Typical Lead Time	Immediate Availability
FOB Point	Cannon Falls, MN		

ONE SHELF, NO SIDES CART K-41

11002-900

SPECIFICATIONS

Depth	18"	Casters	(6) Polyurethane
Width	41"	Caster Size	(4) 5"x1.25", (2) 8"x2"
Height	11"	Caster Type	4 Swivel, 2 Rigid
Shelving	1	Finish	Zinc Plated
Number of Sides	NA	Load Capacity	750 lbs
Construction	Knocked-Down	Options	Additional Options Available
Cart Weight	57 Lbs	Typical Lead Time	4 - 6 weeks
FOB Point	Cannon Falls, MN		

ONE SHELF, TWO SIDED CART K-60

10824-901C

SPECIFICATIONS

Depth	18"	Casters	(6) Rubber
Width	60"	Caster Size	8"x2"
Height	60-1/4"	Caster Type	4 Swivel, 2 Rigid
Shelving	1	Finish	Aluminum Plated
Number of Sides	2	Load Capacity	1,200 lbs
Construction	Knocked-Down	Options	Additional Options Available
