## **Cannon Equipment Introduces Two New All Purpose CannonCarts®**

**ROSEMOUNT, MINN. – October 18, 2010** – Cannon Equipment unveiled this week two new **CannonCarts®** that allow greater utility in distribution, stocking and work-in-process applications for retailers and manufactures. These new **CannonCarts®** expand the broad Cannon Equipment product line and are available for immediate shipment. These carts bring the quality and design of a **CannonCart®** at a very affordable price point.

Our new **V-Nest Distribution Cart** combines the hauling features of a heavy duty distribution cart with 1,200 Lb of load capacity with the locking features of a security cart at a very competitive price point. It can be used as a portable reusable shipping container or as security cage in the retail back store. It fits three across in a trailer for shipping, includes doors on the front of the cart for product containment, and nests to save space during return hauls. Applications include shipping from manufacturing or distribution facilities to retail/customer locations.

**Cannon V-Nest Part #11179-900C**

### **Features V-Nest**

- Four sided cart with 4 doors (2 top, 2 bottom) for security and product containment
- V-Nest design provides for easy, convenient storage when needed
- 1,200 lb load capacity

The **Z-Nest Stocking and Distribution Cart**, similar to the new V-Nest Distribution cart, is designed to combine distribution and security requirements but intended for smaller loads. It features a unique “Z” base design for easy compact storage and includes an intermediate wire shelf.

**Cannon Z-Nest Part #11180-900C**

### **Features Z-Nest**

- Four sided cart with 4 doors, accessed from either side, for security and product containment
- Middle wire shelf to ensure full cart utilization and full load access
- Z-Nest design provides for quick, compact folding storage when not in use
- 1,000 lb load capacity

Detailed information about these new **CannonCarts®** and all of our products can be found at [www.CannonEquipment.com](http://www.CannonEquipment.com).

### **ABOUT CANNON EQUIPMENT**

Cannon Equipment is a provider of innovative and sustainable solutions that drive impulse purchases of high-margin items to increase profits for brand owners and retailers. Cannon Equipment also specializes in providing value-added closed-loop material handling systems that reduce costs and deliver supply chain efficiencies to manufacturing and supply chain businesses. Operating with the highest degree of integrity and business responsibility, Cannon Equipment has the strength and backing of its global parent company, IMI plc. Cannon Equipment is headquartered in Rosemount, Minnesota with three manufacturing locations in Minnesota and Tennessee. More information about Cannon Equipment is available at [www.CannonEquipment.com](http://www.CannonEquipment.com)
