Retail

### Description

This light weight, low profile aluminum cart is ideal for direct store deliveries and order picking applications. Get in and out of stores quickly and efficiently and make fewer trips back and forth with the large load capacity. Featuring a two-position rear ladder that enables the accommodation of various sized products, this cart is mainly utilized in retail distribution and stocking applications. The cart features 6 wheels, 4 swivel and 2 rigid, allowing for easy maneuverability through tight aisles while maintaining structural stability and safety. Non-marking casters, optional wheel brakes and a customizable name plate, allow the cart to operate as a mobile merchandising fixture. The cart is also available with an optional tarp which protects your products from the elements.
