

# TRAY AND DOLLY WASHER

Featuring dual lanes and the ability to clean both dollies and trays at the same time, the combination Tray and Dolly Washer is extremely efficient.

- Variable speed conveyor controls allow you to match machine speed to your production needs
- Dual line dolly and tray washer provides maximum capacity

INNOVATIVE  
TECHNOLOGY

SOLVING COMPLEXITY  
WITH SIMPLICITY

INCREASED  
PRODUCTIVITY

## Features

- Easily removable access panels simplify machine inspection, cleaning, and maintenance
- High volume, anti-clog, stainless steel atomization cone spray nozzles provide optimal sanitation
- Ported external nozzles save maintenance time while reducing obstruction inside the tank, making the tank easier to keep clean
- Stainless steel cannister filter with washable, reusable bags saves money by eliminating the need to buy new bags
- Analog electronic pressure and level sensing provide smart, continuous monitoring of machine health
- Independent wash and rinse water reclamation tanks and baffled spray tunnels minimize water and chemical carryover for a cleaner, faster washdown

## Integrations

- Tray and dolly loading
- Tray and dolly unstacking
- Tray and dolly restacking
- Conveyors
- Drying systems
- Sanitizing system

## Specifications\*

<b>Applications:</b>	Tray and dolly washing
<b>Construction:</b>	Heavy duty, stainless steel formed welded design
<b>Cleaning:</b>	Multiple spray bars in wash and rinse zones
<b>Dolly Size:</b>	24"x30" (typical); consult Cannon for other sizes
<b>Dolly Flow:</b>	Self-contained powered conveyance
<b>Speed:</b>	Variable speed conveyor set to desirable cart cleaning levels
<b>Filtration:</b>	Canister style with reusable fine micron bag type filters
<b>Heat:</b>	External mounted tube and shell heat exchanger
<b>Steam:</b>	Steam valve and control kit available
<b>Water:</b>	Rinse tank – 125 gallon capacity Wash tank – 245 gallons capacity 20 gpm for water make-up and fill
<b>Power Requirements:</b>	230/460 Volt, 3 Phase
<b>Air:</b>	90 P.S.I.
<b>Safety:</b>	Safety interlocks on access doors
<b>Controller:</b>	Allen-Bradley PLC, Nema 4X stainless steel enclosure
<b>Display:</b>	Allen-Bradley Panelviews
<b>Standards:</b>	UL 508A control panels

## SERVICE AND SUPPORT

Cannon Equipment is here well beyond product delivery. We are invested in every customer's business and value being a true partner from day one. Whether you need a new machinery solution, preventative maintenance or replacement parts, let Cannon Equipment be your first call.

## HELPING YOU DO WHAT YOU DO, BETTER

Looking for this equipment solution or something similar? Cannon Equipment designs and deploys custom material handling carts, equipment, conveyance, and aftermarket parts that help you improve operations, gain efficiencies, and reduce costs.
