

FOLD-ABLE 2-SHELF, 2-SIDED

This 1,000 lb. capacity cart is used at manufacturing sites and retail locations to move large volumes of product internally from point to point. The upright vertical design with an upper shelf for product separation and access can accommodate up to 38 average size cases, and allows for easy access from both sides of the cart. With its stretched footprint and inclusion of both swivel and rigid casters, this cart is high maneuverable in narrow spaces. This cart proves to be an invaluable addition to any operation.

AGILITY AND
