### IMPROVE THE ORDER-PICKING EXPERIENCE FOR YOUR EMPLOYEES WITH PROPICK PICKING CARTS

- **Lightweight aluminum frame** allows for easy maneuverability.
- **Ergonomic handle** includes multi-position grip for all-day comfort.
- **Low-profile** design provides clear and unobstructed sight lines.
- **Quiet, non-marking wheels** use a design that allows operators to navigate aisles with ease.
- **Integrated braking system** is easy to engage via foot for added operator safety.
- **Customizable** by adding tool trays, bag holders, trash bins, or handheld scanner compartments.

## Pick Productively

High tote capacity enables batch picking to drive productivity.

## Do More with Just One Cart

Sturdy, aluminum shelves fold down to handle larger items and bulk packages.

## Quick & Quiet

Durable caster wheels allows operator to navigate aisles with ease, all while not disturbing in-store shoppers.

## CART FEATURES

- **High tote capacity** design allows for six or nine totes to enable batch picking.
- **Open design** for easy access to totes on either side of cart while picking.
- **Foldable Shelves** allow for tote storage or oversized packages for added picking efficiency.
- **Accepts attachments** like trash bins, tools and handheld scanner holders to allow for a mobile order picking workstation.
- **Powder coated aluminum frame** provides durability and corrosion resistance for long-lasting performance.
