AGILIFLEX FLEXIBLE POWERED CONVEYOR

Expedite product receiving, shipping and cross-docking with the new Cannon Equipment AgiliFlex flexible powered conveyor. This solution makes quick and simple work of moving product to and from the truck – even in tight loading areas – so you can bring down receiving costs and improve your operations.

- **Flexible.** Versatile design to quickly move product in large or small areas and even around tight corners
- **Operator Friendly.** Large locking durable casters and conveniently located operator touchpoints make it simple to move into place and stow when not in use
- **Smart and Secure.** Zero pressure accumulation technology controls each zone to prevent product from damage in transit

SOLVING COMPLEXITY
WITH SIMPLICITY

Features

- Fully retractable for convenient storage when not in use.
- Large casters allow easy movement of the conveyor and can be locked to keep the system safely in place.
- Conveniently located controls make it simple to start/stop material flow as needed.
- Powerful and efficient 24V DC motors.
- Backed by a one-year warranty.
- Color-coded drive belts make it simple to identify key areas of the drive system.

Options

- Heavy-Duty Loading Cart
- LED Light Bar
- Side Bumpers
- Non-Accumulation Mode
